

Writers Theatre

Glencoe, IL

For 25 years, Writers Theatre has captivated Chicagoland audiences with inventive interpretations of classic work, a bold approach to contemporary theatre and a dedication to creating the most intimate theatrical experience possible. Writers Theatre has grown to become a major Chicagoland cultural destination with a national reputation for excellence, being called the top regional theatre in the nation by The Wall Street Journal. In February 2016, Writers Theatre opened a new, state-of-the-art facility. This established the company's first permanent home—a new theatre center in downtown Glencoe, designed by the award-winning, internationally renowned Studio Gang Architects, led by Founder and Design Principal Jeanne Gang, FAIA.. The new facility has allowed the Theatre to continue to grow to accommodate its audience, while maintaining its trademark intimacy.

Parrett's work consisted of oversized all wood direct sets and french doors constructed out of vertical grain douglas fir. We utilized our EPIC framing system and the narrowest possible wood door stiles to maximize the day-light-openings in this modern masterpiece. We also supplied and installed Rixson Floor Closers with 180 top pivot hinges and Rockwood flush bolts and push plates. The french doors measured 90" Wide x 122-3/8" Tall. All of the openings were glazed with dual insulated glass with a high performance lowE coating which helped the structure attain LEED Gold status. Another modern masterpiece that Parrett was honored to play a role in.

Parrett Windows & Doors is a leading nationwide manufacturer of durable, quality, custom crafted wood and aluminum clad wood windows, doors, grilles and accessories. Parrett has a commitment to excellence with a mission to exceed your expectations in the appearance and long-term value of our products.

Since 1982, Parrett has offered a true quality product that is produced with only the highest grade materials and meticulous workmanship. We have a complete line of windows that serves the Residential, Historic, Church, and Light Commercial markets.

Feel free to forward your next project for our review and quotation. We are here to assist you with any project or answer any questions that you may have.

Spend more now to save much more later. Cheap windows & doors will cost you much more in the long run than buying quality units now. There's an entire industry built around the hope that you'll buy replacement units for your house someday...probably much sooner than you think!

Quality is the tortoise in this race. Do it right the first time.
